

Image Editing

Purpose: The Image Editing course has been specifically developed by the ECDL Foundation for anyone who wants to acquire the skills to edit images. On completion of a 45 minute exam, the participant will receive a certificate from the Irish Computer Society.

Course Content

- understand some of the main concepts underlying digital images;
- understand and use a digital image editing application;
- identify key features of digital images, including pixel and resolution;
- define and understand copyright issues;
- define and understand common colour models;
- manipulate an image by resizing, rotating, duplicating, moving or cropping; and
- prepare an image for printing or publishing on the World Wide Web.

Entry Requirements: Good working knowledge of IT

Assessment: Examination

Qualification: ECDL Image Editing certificate

Duration: 10 X 3 hour classes
